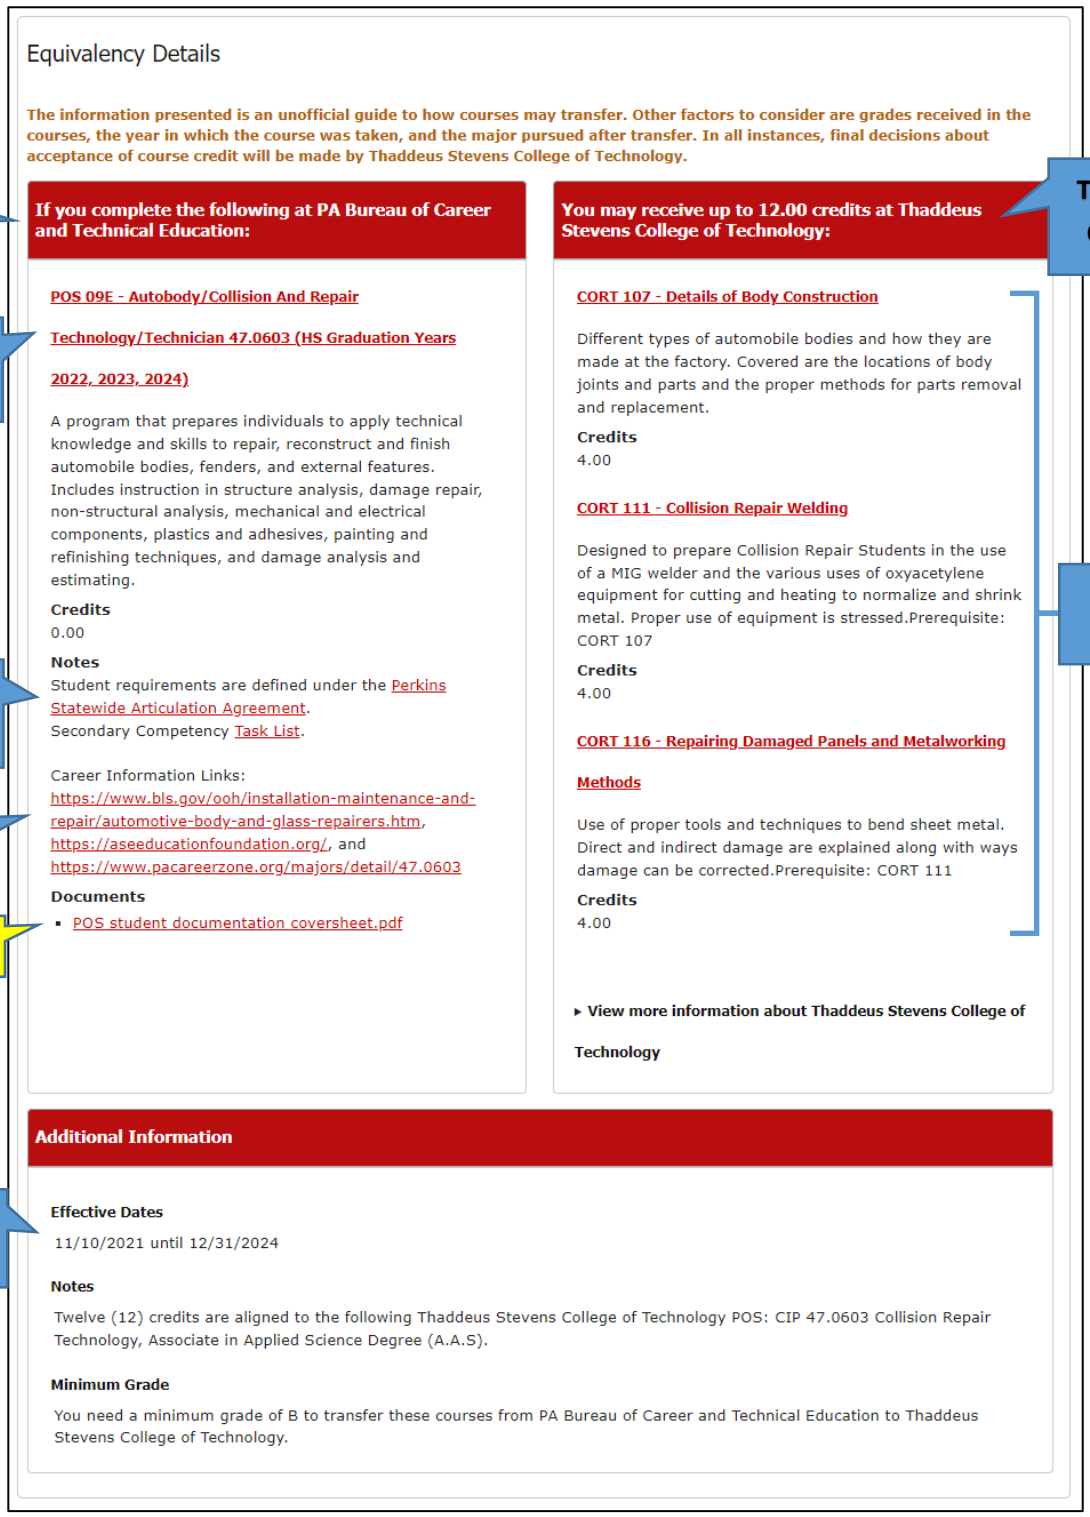
Updated Equivalency Details Page

Below is a viewing guide for a sample PA SOAR articulation between a Program of Study from PA Bureau of Career and Technical Education and a participating institution. **POS Paperwork, which is student documentation, is accessible under the new "Documents" section on the Program of Study record.**



Equivalency Details

The information presented is an unofficial guide to how courses may transfer. Other factors to consider are grades received in the courses, the year in which the course was taken, and the major pursued after transfer. In all instances, final decisions about acceptance of course credit will be made by Thaddeus Stevens College of Technology.

If you complete the following at PA Bureau of Career and Technical Education:

POS 09E - Autobody/Collision And Repair Technology/Technician 47.0603 (HS Graduation Years 2022, 2023, 2024)

A program that prepares individuals to apply technical knowledge and skills to repair, reconstruct and finish automobile bodies, fenders, and external features.
